Walker, Baxter Seek Secretary Office

Special Election Is Held To Fill Vacancy

Aloen Miller Eliminated In Primaries By One Vote

Marian Baxter and Eloise Walker today vie for position as secretary of Associated Students in the election now being conducted in the student body office.

Victorious in primaries conducted Wednesday, the two candidates today await final selection of a student to replace Lou Ella Pierce as secretary of the Associated Students.

At primary elections conducted Wednesday, Aloen Miller was eliminated from competition.

Results of this election were Eloise Walker, 62 votes; Marian Baxter, 39 votes; and Aloen Miller, 38 votes.

Balloting is being conducted at the student body office upstairs in college hall. It is not necessary that voters bring their Associated Student tickets to the polls, it was explained.

The resignation from school of Lou Ella Pierce, former student secretary, has made the special election necessary, Neil McDaniel, Associated Student president, stated today.

Nation Honors Historical Heroes On Special Patriots' Day

By DICK PHILLIPS

Lest we forget! Patriots day, that day which is set aside to honor those immortal heroes who pledged body and soul to national rather than self devotion, will be observed next Monday, April 19.

In America, the smoking barrel of Daniel Boone's muzzle-loader was early in heralding the true spirit of patriotism. However, we cannot say today that the poetry of Henry Van Dyke is less vital in proclaiming that "one for all and all for one" democratic spirit.

Frontier Disappears

From the early days of British rule in Colonial America, to the more recent years during which we have witnessed the disappearance of the frontier, patriotism has

The elected Don and Dona will assist in judging the best women's costume worn during the day. Evelyn Chapman, president of the Spinsters, will also judge.

McCoy Is Named Rotary Head

Santa Ana Junior college received county-wide attention this week as a result of the election of John H. McCoy, assistant director and head of the college journalism department, as president of the Santa Ana Rotary club.

The honor accorded the local faculty member was given added recognition since he will be the youngest man to head the service group since its organization many years ago.

Mr. McCoy joined the junior college faculty in 1933 and has taken an active part in community activities since that time. He is a member of Sigma Delta Chi, national honorary journalism fraternity, and of the American Association of Teachers of Journalism. During the current year he is president of the Southern California Junior College Journalism Advisers association.

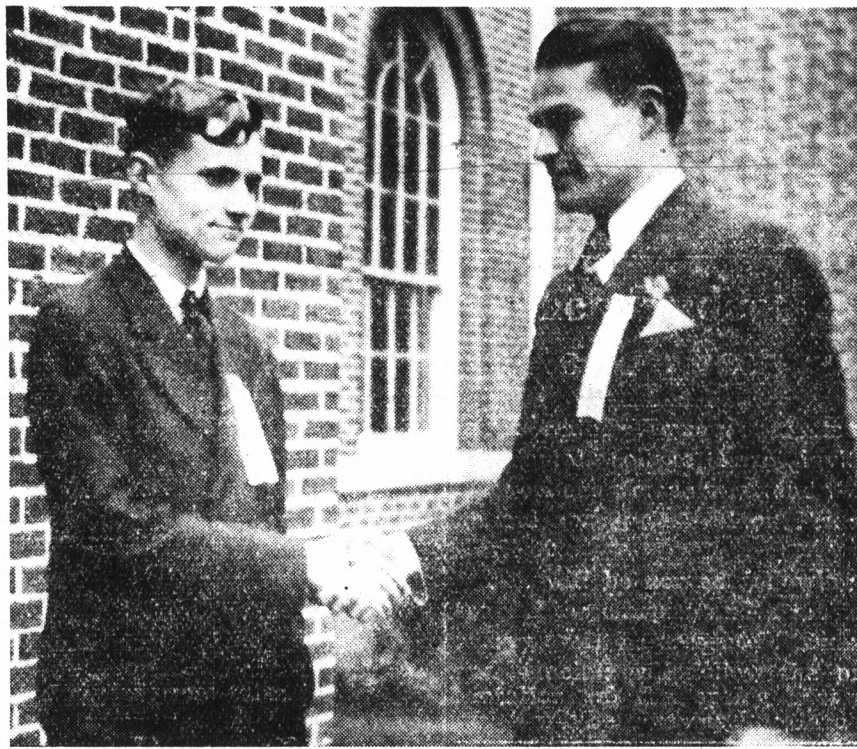

played a leading role.

With the aid of three tools; the pen, the sword, and the speech, public opinion has been openly controlled by these messengers of democracy. Some, perhaps most of them, have been forgotten, but the few who have gone down in history have lent that necessary spark of determination which characterizes "the American way."

Patriots Successful

It may be safely said that all patriots have been highly successful. Their self-assurance has been contagious throughout generations; their alert minds have been progress; and their burning desires have foreshadowed the realization that "a house undivided cannot fall."

East Meets West

Ernest Williams, left, of Bridgeport, Conn., and John Ramirez, local student, meet at the Phi Theta Kappa convention in Little Rock, Arkansas. William lived farthest east, and Ramirez farthest west, of Little Rock.

Although those taking part in the program will journey to Long Beach Saturday morning, the formal concert which is to be open to the public will not be given until 8 o'clock that evening.

This concert is the second of its kind to be held in Southern California and is sponsored by the Junior College Music Association.

Mrs. Ross Crane Wins National Contest Prize of \$500

By DELPHA WOLLERT

How does it feel to win a contest? What would you do with \$500?

Mrs. Ross E. Crane, special junior college student, knows the answers to these questions because she recently was awarded a \$500 first prize in a nation-wide foods contest.

"It was wonderful to get it, and I still think it is," Mrs. Crane happily declared.

"I didn't leap with joy or give squeals of delight when two Los Angeles officials dropped in to break the news to me," she assured. "Nevertheless I was excited."

"We were prepared shortly beforehand about my happy and unexpected fortune, so that my three

Representatives Of Five Junior Colleges To Gather Here

W. C. Hogoboom, national president of the American Association of Engineers, will speak at the jay-see engineers' banquet tonight, it was revealed today by Adviser H. O. Russell. The affair will be held at the Y. W. C. A. hall at 6:30 p. m., and representatives from five Southern California junior colleges will attend.

Mr. Hogoboom was obtained through the combined efforts of Mr. Russell, President Dick Connell, Vice-President John Forsythe, Secretary Warren Kennedy, and Treasurer John Ramirez of the local branch of the association.

Another speaker will be R. B. Stringfield, President of the Los Angeles branch of the American Chemical association. He was secured by the same means. The topic for his evening talk will be, "Modern Uses of Plastics."

"We are very lucky to have those two famous men as our guests and I'm sure that every engineer member will find it worth his time to hear them speak," Adviser Russell said.

Service Club Photos Taken Next Week

"Service club group pictures for Del Ano will be taken next week and at night if possible," Tay Riggs, Editor of Del Ano, said today. Group pictures of Women's Athletic Association members will be taken after classes Monday and Tuesday.

W. C. A. and Varsity "S". A Capella Choir pictures were taken Tuesday evening.

children and I were dressed up and waiting when the photographers came. They clustered the children around me and took the picture with the check in my hand."

The prize was awarded to Mrs. Crane for the best 100-word letter out of 100,000 submitted in the contest. The prize was equivalent to \$5 a word.

She was given her choice of prizes—the cash award, or a trip to Hollywood, lunch with Merle Oberon, and screen tests. But Mrs. Crane decided that money would benefit more than one person, so doctor bills were paid, clothes purchased, and the children given music lessons.

In 1932, Mrs. Crane won a \$100 first prize in a national refrigerator contest.

By DOROTHY RYAN

Mr. Halliburton was born in Tennessee 37 years ago and promptly got the wanderlust, from which he has never recovered. His travels have taken him all over the world and of these travels he has written numerous books, the most famous of which are "The Royal Road to Romance," "The Glorious Adventure," "New Worlds to Conquer," and "The Flying Carpet."

Swam Canal One of his more reknown adventures was his swimming 50 miles through the Panama canal in five days for 35 cents. He is said to be the only human being who has caused the great locks to be raised and lowered for his passage.

Several years ago Mr. Halliburton was engaged to speak at the Ebell club here at 2 o'clock in the afternoon. About 15 minutes before the program was scheduled to start, according to Mr. Hammond, he telephoned from Los Angeles and stated that he had missed the street car and it would be necessary for him to charter an airplane and fly down. In an incredibly short time he sauntered onto the stage, and started his lecture with the greatest degree of nonchalance.

Lectures Like Books Mr. Hammond stated that Mr. Halliburton's lectures are much like his books. They are vastly interesting and entertaining. Mrs. Eleanor Northcross has heard him several times and thoroughly enjoys his informal talks.

Knights of Road Organize For Action

By OSCAR LIEFFERS

Some call them bums. Some call them parasites of the highways. But they call themselves Knights of the Fifth Finger and have organized themselves as the Intercollegiate Hitchhikers Association.

Since everyone is busy organizing themselves for one reason or another these days two Junior college students of Long Beach decided to organize the See America First on Someone's Else's gasoline. These students, Bob Carpenter and Parker Jameson, first had the idea and then decided to do something about it.

Other groups were soon founded on the campuses of Stanford, U. C. L. A., and University of Southern California.

Those sponsoring the club hope to make the highways safe for collegians of today. They hope to reduce the number of hitch-hiker robberies and like events that would rob members of the organization of opportunities for rides.

New Quarters For Print Shop

El Don today was published in the new junior college print shop located on the Santa Ana High school campus. Last week the presses and linotype machines were moved into the new building located behind the administration building, as the final step in the moving.

According to Thomas E. Williams, printing instructor, there has been very little new equipment added, but the new rooms are more convenient and comfortable than in the old shop.

Linotype machines are now in a separate room. The big press, on which El Don is printed, has a room to itself, and the smaller presses are also set off by themselves.

Jaysee Debaters Close Year

College debate activities were officially closed last week when Pomona defeated Santa Ana in the terminating debate of the Eastern conference.

During the year local debaters were successful in defeating San Bernardino, Fullerton, Citrus, Pomona, and Chaffey. They lost only once, that being to Riverside in the first debate of the season.

Pomona and Santa Ana tied in the run for first place in the conference, both teams having won five matches and lost one.

The local teams for this year were composed of Al Pickhardt, Anne Pellegrin, Gordon Bishop, and Franklin Davis, all of whom have been active since the start of the season.

In the past four consecutive years Santa Ana has participated in the conference run-offs for championship. The Dons won the conference title in 1935. But, in 1934, 1936, and 1937 they tied for first place, only to lose the title in an extra debate.

Begin Work On Fiesta Play

Rehearsals are being held and advertising is being arranged for this year's fiesta play, "Lost Horizons," according to Earnest Crozier Phillips, director.

Posters advertising the play will be made in the art department and will be distributed to the various high schools throughout Orange county. Window displays in various local stores are also being arranged, William Bachman, student director of the play, stated today.

Settings for this play will be simple since the only background needed are curtains which will be lighted by spotlights, Mr. Phillips revealed.

SPRING FOOTBALL PRACTICE STARTS AS 32 REPORT

SCHEDULE SHANGED

Basketball teams of the Eastern conference will play a single round next year, instead of the double round as in the past. Calvin C. Flint, represented the jaysee at a league meeting held at Los Angeles last week.

JACK GARDNER COMMENTS ON—

Baseball . . . Another sure sign that spring is here. Yes, both major leagues open the season next Tuesday. That is, except the Boston Red Sox and the Philadelphia Phillies. They plan a double header in the hometown on Monday. You may wonder why they get the jump on the rest of the clubs. Well, the season is that April 19 is Patriot's day in Massachusetts and Maine, marking the anniversary of the first battle of the American revolution. So being a legal holiday, the two teams play a double header.

Jumping over to the American league, we find that the Washington Senators are hosts to the Philadelphia Athletics on Monday. This is also a day before the rest of the circuit begins. Our only explanation for this is that President Roosevelt, who always tosses out the first ball, will probably be busy Tuesday watching the supreme court tossing out bills. We might as well commit ourselves along with the rest of them, anyhow, here's how we pick them:

American	National
1. New York	1. Chicago
2. Detroit	2. New York
3. Cleveland	3. Dizzy Dean
4. Washington	4. Pittsburgh
5. Chicago	5. Cincinnati
6. Boston	6. Boston
7. Philadelphia	7. Brooklyn
8. St. Louis	8. Philadelphia

The heavyweight situation . . . I surdles my dandruff. Of course, I have an advantage over Mike Jacobs and Joe Gould. By the time their two proteges, Max Schmeling and Jim Braddock, meet, they won't have any hair left to cause a dandruff. Joe Louis seems to be the only one for the title. He has done much more fighting than the other two, and is much younger than Braddock or Schmeling. Anyway, if the proposed Louis-Braddock bout does come off in Chicago, this department will take the Brown Bomber.

Man O' War . . . Probably the greatest race horse of all time, just celebrated his twentieth birthday. For the rest of his days, the big horse will graze peacefully on his owner's farm near Lexington, Ky. The race horse suffered but one defeat in two years of racing and won over \$250,000 for his owner, Samuel Riddle.

His big year was as a three-year-old when he won the Preakness, Withers, Belmont, Stuyvesant Handicap, Dwyer, Miller, Travers, Lawrence Realization, Jockey Club stakes and the Potomac handicap. The shortest odds on Man O' War were 1-100 in the Belmont.

SPORTS

MICKY CATCHES AGAIN

After many months out of uniform, Mickey Cochrane, manager and catcher of the Detroit Tigers, is pictured here as he donned his war paint for a workout with the Tigers during their spring training trip in Florida. Cochrane was forced out in the later part of last season by injury and illness. He is now in the pink and rarin' to go.

Raqueters Host To Chaffey

Don tennismen face their toughest opponents of the year in a conference match with Chaffey here today. Santa Ana won over Fullerton by a score of 14-3 in the first conference meet last week.

The line-up for the Chaffey match, Student Coach Carl Aubrey stated, will be the same as that which thumped Fullerton: Hallman, 1st singles; Keeton, 2nd singles; Nissley, 3rd singles; Potter, 4th singles; Aubrey and Dwyer, 1st doubles; and Mueller and Grisct, 2nd doubles.

The results of last week's matches are as follows:

Hallman (SA) def. Hopkins (F), 2-6, 10-8, 6-1. Frank (F) def. Keeton, 4-6, 11-9, 6-3. Nissley (SA) def. Rose (F), 0-6, 10-8, 6-4. Potter (SA) def. Hill (F), 6-8, 6-1, 6-1. Aubrey and Dwyer (SA) def. McAuley and Tornquist (F), 6-4, 6-3. Grisct and Mueller (SA) def. Burnham and Meisenheimer (F), 3-6, 6-3, 6-0.

Wild Flowers In Botany Lab

Now is the season for wild flowers. The hills are covered with them and the valleys are a bloming mass.

For those who are unfortunate enough to have no way to the hills or the valleys, many kinds of wild flowers are on display in the laboratory of J. Russell Bruff, local botany instructor.

Monday of each week has been set aside for the study of the flowers in his botany classes, Mr. Bruff stated. The material will be procured by students over the previous week-end.

The common and scientific names of each flower is printed on the container and each student is required to learn nearly one hundred of them for class work, he disclosed.

Local Ruggers U. S. Champs!, Unofficially

Santa Ana rugby team, champions of the United States.

Unofficial, of course, but the local squad is the only undefeated 15 in the nation. During a very successful campaign, Coach Ernest Butterworth's boys won three games and tied two.

Sixteen players will be awarded gold rugby balls by the Associated Students. Following are the ruggers who will receive the gold awards: Captain Fred Pinkston, Bill Twist, Allen Titensor, "Rusty" Roquet, Pete Kotlar, Sam McCann, Dick Tauber, Fred Wagner, Bill Semnacher, Danny Boyd, Howard Rash, Virgil Stevens, Bob Pannell, Fred Lentz, Joe Herbert, Ed Stanley, and Coach Butterworth.

Don Gridders Work Twice Weekly

Santa Ana Jaysee's spring football program, which began Tuesday of this week, is off to a head start over other colleges who do not officially begin spring practice until May 1. "The fellows have been anxious to get under way," was the Don mentor's answer to the reason for an early start.

At present held but two days a week, practice will be lengthened to a five-day-week plan upon the completion of track season.

Tentative games have been scheduled with Pasadena Jaysee and Pomona college, and possibilities for tilts with Occidental and Whittier are being followed up.

Thirty-two men reported at the high school turf Tuesday. The list included non-lettermen, Warren Mann, Hal Tucker, Fred Wagner, Bill Milligan, Pete Kotlar, Pete Riley, Mark Stewart, Glen Cave, Virgil Stevens, Bud Knoff, "Doc" Lenzie, Bob Warren, James Sherwood, Max Moore, George Aupperle, Clyde Files, "Butch" Noakes, Jack Tumber, Lawrence Todd, Jerry Nesmith, Lester Monnell, Delbert Beard and Bob Pannell.

Returning lettermen who reported were Clarence Bolton, Carl Lehnhardt, "Chuck" Mueller, Danny Boyd, Oliver McCarter, Bob Faul, Dick Tauber, Bill Semnacher, and Co-capt. Ed Stanley.

Don Net Aces Enter Ojai

Muryl Hallman and Carl Aubrey will represent jaysee for the second consecutive year at Ojai Invitational tennis tournament, April 22, 23, 24.

Entered in the intercollegiate division of singles, Aubrey and Hallman hope to repeat the success they encountered last year in the three-day tournament. Aubrey went to the quarter finals while Hallman was defeated by a seeded player in the first round.

Both boys are two year lettermen; Aubrey is acting-captain of this year's team and Hallman is No. 1 man on the squad for the second successive year.

Baseball, Swimming Teams Face Severe Tests Today

Nine vs. Bengals

BULLETIN

Arnold Fickle, starting southpaw hurler, is out for the season with a dead arm, Coach Blanchard Beatty announced today. This leaves only Fred Erdhaus and Art Nieblas to carry the important pitching burden.

Santa Ana Dons' nine baseballers will hitch up their pants, dig in their spikes, and mix it with Riverside's Bengals in the second conference baseball game of the season this afternoon on Poly high's ballgrounds. The umpire will yell "Play ball!" at three o'clock.

Coach Blanchard Beatty and his team plan to give the invaders a rousing reception in more ways than one. The youthful mentor gives the Dons an even chance to emerge victorious.

Last week in the conference opener, the locals dropped a tight 8-7 battle with Pomona. During the past two weeks they have gone through a gruelling set of practice games, with nearby high schools winning two, tying two and losing one.

Wednesday the Dons journeyed to Long Beach and fell before the Vikings by a 9-8 score after holding a one run lead going into the ninth. At one time, they were trailing 0-7.

Batting averages, compiled this week by Coach Beatty, reveal that Erwin Youel, ss, was leading with a top of .400 followed by Vern Rutledge, 1b, with .304 in second spot. Others in the first five are Nieblas, rf., with .285; Jessee, 3b., .277 and Teel, c., .263.

The starting lineup for Friday's tilt in batting order will be Jessee, 3b; Wilde, 2b; Rutledge, 1b; Youel, ss; Mackay, rf; Teel, c; West, cf; Erdhaus, lf; and Nieblas, p.

Dons Meet Cubs, Long Beach

Coach Bill Cook's spikemen travel north this afternoon to engage U. C. L. A. frosh and Long Beach Junior college in a triangular meet on the Westwood cinder-path.

Outstanding performers last week against Fullerton by several Don cindersmen should mean points for the squad this afternoon. Willard Lutton's 21 ft., 6 in. broad jump; the 122 ft. toss by Ray Cokeley in the discus; Blas Mercurio's 6 ft. high jump; and Capt. Bill Greschner's throw of 43 ft. ½ in. in the shot put, were all notable.

Greschner will enter his usual string of events, tentatively scheduled, in addition to the shot, the century sprint, the 120-yard high hurdles, and a try at the discus.

The Don squad now boasts two conference wins in three starts, having suffered defeat last week in the hands of a strong Fullerton squad, 92 ½ to 38 ½. The victories were scored against San Bernardino and Chaffey.

Indians Beat Dons

After losing to the Sherman Institute by a score of 35 to 14, jaysee wrestlers are gunning for the Southern California junior college championships, to be held at Fullerton next Friday, April 23.

STAG MAY 3

Buccaneers service club will present the fourth annual Inter-Club stag, Monday May 3, Jack Brouick, general chairman, announced today. Nine different events will feature the show.

Mermen vs. Hornets

Pointing for a third league victory, Santa Ana jaysee's undefeated swimmers will tangle with the Fullerton Southern California champions this afternoon at 1:00 in the Y pool.

Following the showing made by the swimmers in their first two meets, in which they defeated Glendale J. C. 59-13, and Los Angeles Junior college 38-37, Santa Ana is accorded a chance of defeating the "invincible" Fullerton team, stated Coach Jess Haxton today.

The natators' next opponent following Fullerton will be Compton J. C., with the meet to be held Tuesday at Compton. A practice meet has been arranged for Wednesday with Huntington Beach high school. Friday the Dons will meet Pasadena Junior college in another league match.

The roster for tonight's meet includes Captain Dave Phoenix, Walker Davis, Drennan Ahern, Melvin Hill, Roy Seaman, Bob Prescott, George Bisset, Barney Spicer, Kenneth Oliphant, Mac Beall, and Manager Jack Grady.

High scoring honors for the first two meets feature Ahern, with 21 points, Captain Phoenix, with 16 points, Davis, 16 points, and Prescott, 12 points.

Golfers Defeated

Santa Ana's Dons, defending league champions, lost their first match to Huntington Beach high school this week by a score of 11-4.

Houston Kier was the lone winner, taking his match 2 ½ to 1 ½. Robbins of the high school won over Chick Shields 3-0. Forrest Neal tied at 1 ½ to 1 ½ with Lake. Fred Lentz lost a 2-1 decision to Anderson of Huntington Beach. A return match is scheduled May 1.

Jaysees Doing Good Job

Fifty-one University of California students were notified this week of their election to Phi Beta Kappa, national scholastic society.

The astounding fact of this news item is that of the total number, 41 were junior college transfers. What is of special interest to us is the fact that Everard Stovall, former language student here, is included on the list of those elected.

Everard set an outstanding record as a language student at the jaysee, and he is doing equally well at the state university. Everard, moreover, is not the only junior college student from here who is making an outstanding record at the university.

This apparent supremacy of junior college transfers lead one bewildered reader of the Daily Californian to ask what chance he had of ever getting on the honor society with so much competition from the junior colleges.

All this demonstrates that the size of the college has no relationship to the brilliancy of its graduating students. It gives definite proof that junior colleges are doing their job well and are turning out students admirably fitted for further scholastic pursuits.

Publicize Fiesta!

One of the largest and most interesting events of the jaysee year is looming up on the social calendar for May 15. It is the annual Fiesta Day celebration.

Those of us who have had the pleasure of participating in these festivals in the past know what a good time lies ahead. But the general public, invited this year for the first time, knows little concerning its popularity and merriments.

Many people in Orange county have little understanding what the Fiesta means and many more people do not know what an educational function Fiesta Day is.

By publicizing the event and informing the public, we will be gaining greater attention for the jaysee. And we will be helping the Fiesta committee make this year's celebration one of the finest in years.

Publication Resumed

Printing and distribution of El Don begins again this week after a long lay-off for the staff.

Easter vacation, a press convention, and the moving of presses into new quarters are the causes for the vacation.

During this period many inquiries have been received from readers who wanted to know what was wrong with the paper, and why it wasn't being published.

Few remarks are heard when regular issues come from the press, but it is customary for many to make inquiry whenever the paper fails to appear on Friday.

We are happy to be printing again and glad to know that El Don was missed during the past several weeks.

SO THEY SAY

By A. C. P.

Speaking of senators, a new inducement for college men to enter politics is the easy money that these statesmen are picking up by endorsing cigarettes. One thousand dollars for a short paragraph certifying the superiority of a brand of cigarettes is easier than money from home. Or at least many senators think so.

The senate is in session,
The members filled with glee
The reason why is simple:
A thousand bucks, you see.

In the ornate senate cloak-rooms,
They fill their lungs with smoke,
And exhale hundred dollar bills,
No; this is not a joke.

"Old Strikes make my brain work;
"I thrive on Lucky Golds;"
"This cigarette saved the country,
When it stopped our vicious colds."

The senators sell endorsements
While debating legislation;
Their pay-off is a thousand rocks;
But does this save the nation?

Only Five Women Figured on Stamps

By DELPHA WOLLERT

Only five women in the United States have been honored by being pictured on postage stamps.

Thousands of different U. S. stamps have been issued during the past 250 years, featuring great men, historical events, wondrous works of nature, and outstanding places. But separate from these, because of their unusualness, five women hold the place as heads of 8, 2, and 3 cent stamps.

In 1893 Queen Isabella 2 cent stamps made an appearance. They originated from the Columbian centennial, which paid tribute to the woman who indirectly helped the discovery of America by fictitiously financing Columbus' trip.

Commemorating the plucky young wife of a Yankee soldier who took her wounded husband's place at the cannon during the Civil War, the Molly Pritchard stamps were issued.

Martha Washington adorns the issue of an 8 cent stamp which came out in 1902. In 1917 she reappeared in a second series, this time on 2 cent stamps.

A 3 cent "Mother's Day" stamp was issued two years ago. Last year Susan B. Anthony also represented a 3 cent stamp issue.

She sighed and cast a coy look in his direction. He smiled and signaled her to move a little closer. She fluttered her eyelashes in the accepted manner, then cast her eyes demurely down. With a knowing glance he stepped to meet her.

Shyly she started to speak, but he interrupted her.—"I'm afraid, miss, that you can't get out of taking that test in spite of all your attempts. I make no exceptions in my classes!"

TO TEACH AT MILLS

Mrs. Thomas H. Glenn, wife of the head of the Jaysee English department, will teach in the summer session of Mills college, it was announced today.

Mrs. Glenn will give two French courses in La Maison Francaise. Her subjects will be phonetics and diction, and a course in style or advanced composition.
